AMA CHARTER CLUB #777

Editor: Bill Rago: 847-489-8871

Not the best weather...
But great fun regardless!

**Many thanks to Jay Imroth for cooking
& Jack Bernard for drinks on
Warbird Day!**

Meeting Minutes September 5th, 2013

The Monthly meeting of the LCRCC was held in the Zion Public Library.

Dick Hultz called the meeting to order at 7:15 with 17 members present and no guests.

Secretary's Report:

The previous months minutes were accepted as printed in the "Flypaper."

Treasurer's Report:

The treasurer's report was presented by Leonard and accepted.

Field Officer's Report:

Jack reported that the field is in pretty good shape. The grass is growing slowly now that the weather is cooler and there's no rain.

He will also be updating the mowing schedule to reflect an every other week cut.

He has some work to do on the "Green" mower, but will report on that at a later date.

Safety Officer's Report:

Chuck reported "No known issues."

Event Director's Report:

Bill reported that the Picnic was a "Magnificent success"!! A Great turnout and lots of food with an outstanding raffle. Thanks to John Russell for his donations, and to Jim Spice for obtaining additional prizes from **Greenfield Hobbies**.

He also went on to thank Jim and Joan Dubek for cooking. This coming month's event is "Electric & Warbirds" and Jay Imroth will be cooking.

Old Business:

Dick reported on the "Scout Event" held this past Saturday. (Aug 31) And said he was a bit concerned that there would not be enough members present to give a good demonstration for them. But, around the time the scouts started showing up, so did the guys and it was a great show... Dick gave a static demonstration using his airplane and radio to describe to the group how everything worked and how an R/C plane flies. Jim Spice did the same with his Huey Helicopter. This was followed by flight demonstrations by quite a few aircraft and the Scouts all really enjoyed it!

After talking about the event, Dick presented the Club with a very nice plaque that had been sent from the Scouts thanking the Club for their efforts.

Dick went on to talk about another Scout group (that had contacted us previously). He received an email from the leader to try and set up another date to have us demo for them. The prior attempt to confirm a date with this group had failed and a communication issue exists. Dick said he will have to contact the leader and verify what, where, and when they would like to do something with us...

Dick expressed concerns with the Clubs lack of participation at events such as the recent Scout demo. He was looking for ways to get people "more involved" and committed. A

few suggestions were discussed, but Jay Imroth came up with an idea where the Club would buy gift certificates from *Greenfield Hobbies* and then these are offered as a raffle prize to any pilots participating in the event. After more discussion a motion was presented, followed by a second and voice vote to approve that 2-\$25.00 gift certificates be purchased for use in upcoming events where pilot participation is required. Members that participate in the event will have their name put into a hat and a drawing will select the winner(s). The motion carried unanimously.

New Business:

Our participation in the Waukegan air show has officially been cancelled. Liability concerns and other issues led to this decision.

Jim Spice presented the club with some "Club Buttons" that he received, as a donation, from Frank Merlock.

They will be sold for \$1, with the money going into the club treasury.

New Members

We had no new members.

Show and Tell:

Chuck Smith brought in the fuselage for his airplane that he is building (Twin Beech) to show how the construction is done and the tail wheel retract mechanism works...

Jim Spice brought an exhaust system he had made by Keleo Creations Inc. for his Aeroworks P-51 Mustang. The system replaces the original muffler on the DLE-55 engine, and converts it to an actual scale exhaust. This exits the sides of the cowling to replicate a true Merlin engine exhaust. He hopes to have it all ready to go for next year's flying season.

On a motion, second, and voice vote, the meeting was adjourned at 8:25PM.

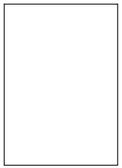

Jim Spice
