Hobby News, Events & Topics of Interest

Weekly AMA podcasts (“AMA Air”) can be found here:

<https://www.modelaircraft.org/amaair>

Update on Remote ID:

The club’s application to have our flying field designated as an FAA-Recognized Identification Area (FRIA) so that we can comply with the Remote ID requirement has been approved by the FAA. Thank you, Wally for handling this on behalf of the club.

The new FAA safety test called “The Recreational UAS Safety Test” (TRUST) is now available. Thankfully it appears to be failproof. Information regarding the TRUST test can be found here: <https://trust.modelaircraft.org/>

Properly trimming an airplane is key to making the airplane fly correctly. There’s a lot of great information on airplane trimming made available at the following website:

<https://www.ckaero.net/pages/triangulation-trimming>

The AMA has provided guidance on how to register under the FAA Drone Zone Registration and Renewal Process. Information can be found here:

Club Meetings

As a reminder, club meetings are held on a monthly basis on the first Thursday of each month and start at 7:15 PM. Meetings are held at the Lindenhurst Village Hall located at 2301 Sand Lake Road in Lindenhurst.

Notice Regarding Future Club Events

There will be a new format / policy for the upcoming 2023 LCRCC events season. The intent is to conserve club funds for field maintenance.

Regarding the Annual August Picnic:

There will be no change to the annual August picnic. The club will sponsor the cook-out. The “raffle prize” money will be either eliminated, limited to \$100, or as agreed by a regular meeting prior to the picnic based on availability of club funds.

Regarding all other Monthly Events:

The club will supply drinks / ice for the coolers only. It will be the responsibility of the host to organize a “pot luck” supply of food and obtain donations of money or foodstuffs to accommodate each event. If there are no volunteers, then only drinks will be provided.

We believe it important to maintain the monthly events to promote fellowship and interest in all of our club’s activities. Recall that these events were, at one time, flying contests, promoting competition and the fun of flying.

2023 Calendar of Club Events

Month	Date	Time	Event / Theme	Location	Host / Lead
October	Thursday October 5th	7:15 PM	Monthly club meeting	Lindenhurst Village Hall	N/A
	Sunday October 8th	10:00 AM	Bi-planes	Flying field	Dave Harrington
